PEACEFUL BODY. PEACEFUL MIND. PEACEFUL HOME.

We all need a way to relieve our ailments, an occasional escape from stress, and the chance to renew special connections. We need more peace—peaceful bodies, peaceful minds, and peaceful homes. It seems a little too simple, but the benefits of a personalized spa are real. Discover how a few minutes each day in your Bullfrog Spas hot tub can create a more peaceful life.

PERSONALIZED THERAPY

You deserve the best in hydrotherapy—an experience personalized just for you. With Bullfrog Spas and the revolutionary JetPak Therapy System®, you can customize your spa to match your unique needs and preferences.

This innovative system lets you choose your ideal JetPak® massages, position them in your perfect seat, and even upgrade with new JetPaks at any time. No other spa offers this level of personalization, ensuring a truly peaceful experience designed specifically for you.

THE JETPAK THERAPY SYSTEM® ADVANTAGE

LESS
PLUMBING
=
ENERGY
EFFICIENCY
+→
POWERFUL
MASSAGES

Bullfrog Spas brand hot tubs with the JetPak Therapy System® use far less plumbing than other premium hot tubs. Less plumbing means less friction in the system, resulting in more pressure at the jets for more energy efficiency and more powerful therapy.

LESS WORK MORE PEACE OF MIND

Simplicity® Total Water Care by Bullfrog Spas makes spa care effective, safe, and less costly. Our 3-stage system provides clear, clean water with low chlorine levels and without the hassle and negative side effects of salt systems.

In 3 easy stages—filtration, sanitizer, and oxidation—your water care experience will be easier, extremely effective, and less costly to operate than other brands on the market. Best of all, with most functions automatic or very low-touch, Simplicity Total Water Care is likely to be the easiest spa water care system you'll find.
